Experience limitless fun on single trails with the CONWAY RYVON ST 10.0 E-MTBs - the ultimate package for unforgettable adventures in the great outdoors! This bike is the perfect choice for all-mountain enthusiasts and those who want to become one. Our removable battery concept not only offers more energy density, but also enables faster charging. Enjoy longer rides with more power and change the Battery in seconds to continue riding without interruption. The RYVON ST 10.0 offers the flexibility to use a 160 mm Suspension Fork without compromising on geometry. You can adjust the suspension to your preferences while maintaining stability. We know that every rider has unique requirements. That's why we developed CONWAY Ergonomic Sizing. Our frame sizes are perfectly matched to your needs and offer coordinated grip diameters, stem lengths, handlebar widths and crank lengths depending on the frame size. The RYVON ST 10.0 is equipped with a powerful light eMTB engine that provides you with the power you need for demanding trails. Together with high-end spec equipment such as the SRAM "X0 Eagle AXS T-Type" drivetrain, maximum performance is guaranteed. The Eagle transmission is light, robust and shifts precisely - even under full load.
