

CONWAY MTB hardtail "MS 4.9" Mod. 24

hardtail, 29", red metallic / black metallic, 24-speed SHIMANO "Acera", 51 cm / L

Price: €445.00

All-round MTB at an entry-level price Get a taste of the world of MTBs with the CONWAY "MS 4.9". It is a true all-round talent that you can use for sporty tours in the countryside. But it will also get you through daily city traffic quickly, safely and confidently. The Fork has a suspension travel of 100 mm, which smoothes out all bumps such as potholes and tree roots as well as cobblestones. The profiled WTB tires, which also provide good damping and bite into loose ground with their studs, support this. On steep climbs and long descents, the 8-speed SHIMANO derailleur system offers the right gear for every situation - a total of 24 gears are available. Reliable and powerful braking power is provided by the hydraulic Disc Brakes from SHIMANO. They won't let you down even in the wet. The "MS 4.9" can be upgraded with Fenders for urban use - the robust and lightweight aluminum frame is specially equipped with threaded eyelets for this purpose.
