Price: €1,125.00

Are you looking for a bike that is both sporty and suitable for touring? One with which you can set off on new adventures in summer? The CONWAY "GRV 3.0" offers you exactly these possibilities. As an entry-level model, the gravel bike with derailleurs gears and 18 gears (2x9-speed) is solidly equipped for several days on hilly terrain. The lightweight and robust aluminum frame gives you a moderately sporty riding position. It is pleasantly compact and maneuverable, but always has the smoothness to confidently stay on track over long distances. The frame also offers plenty of tire clearance: 40 mm wide "Terra Trail" tires from CONTINENTAL are fitted to the 28 mm wheels. This gives you plenty of comfort when riding the gravel tourer over longer distances and over hill and dale.
