

CONWAY Gravel bike "GRV 10.0" Mod. 24

diamond, 28", red metallic / black metallic, 22-speed SHIMANO "RX810" Blender, 45 cm / S

Price: €2,110.00

With the new CONWAY "GRV 10.0" you have all the options: Whether you use it as a winter training bike, ride cyclocross races or go on a long-distance bikepacking tour in summer - the "GRV 10.0" is like a best friend who goes through thick and thin with you, only through deep mud and fast straight ahead on smooth asphalt. The now deeper Seat Stays provide a little more flexibility and damping, without sacrificing stiffness when pedaling. The lightweight, robust and torsion-resistant carbon frame with integrated Saddle Clamp gives you a sporty riding position and riding style as usual. It is pleasantly compact and maneuverable, but always has the smoothness to confidently stay on track over long distances. The carbon frame offers plenty of tire clearance: the 40 mm wide "G-One Allround Classic" from SCHWALBE are mounted on the DT SWISS "1800 Spline" wheels. On tour, the tires give you welcome damping comfort. The high-quality version of the new SHIMANO "GRX" drivetrain with 30/46 teeth on the chainring and an 11-speed cassette with 11-34 gearing provides support for propulsion.
