

CONTEC Front Hub "Eroq DB"

black

RRP: €39.95

A Hub is like the heart of a Wheel - it forms the stable core that leads to a smooth riding experience. Our CONTEC EROQ front hub is particularly robust and can therefore withstand the high torque and weight of an e-bike. The EROQ front hub is a "quick-release" hub, as it is attached to your bike using a suitable QR (e.g. CONTEC EROQ.R Front). Its standard installation width is 100 mm and it has a 6-hole brake rotors mount.
