Price: €14.99

The CONTEC Zen 24 Disc rims form the frame for a reliable wheel that will make your everyday commute on your (e-)bike even smoother. They are suitable for 24" bikes with 32 spokes - for example, for larger children's bikes or smaller adult bikes. Thanks to the hollow chamber design, the aluminum Zen Disc Rim is suitable for a system weight of up to 150 kg. E-bikes can also be fitted with this rim without any problems. With an inner rim width of 19 mm, tires ranging in size from 28 to 62 mm fit on the rim. The Zen 24 Disc rim is only suitable for wheels with disc brakes.
