

## VICTORIA Electric urban bike "UTILYON 5" (#1)

wave, 29", cedar grey, ENVIOLLO "HD" stepless, 49 cm

**Price: €4,099.95**

In contrast to the two topographically well-equipped derailleur models, the Victoria "UTILYON 5" is suitable as a confident touring bike on primarily flat long-distance routes, for example along the 520 km of the Weser cycle path. The 380% gear range of the infinitely variable planetary gearbox of the rear hub finds an ideal drive partner in the high-torque Bosch "Performance CX" drives, which in turn can draw on the 1,475 watt hours of capacity for a particularly long time. Daily stages in the three-digit kilometer range thus lose their terror. In combination with the timing belt, the drive technology also promises low maintenance requirements.
