

VICTORIA Electric urban bike "UTILYON 6" (#1)

wave, 29", anthracite grey, SRAM "GX," 11-speed, 55 cm

RRP: €6,499.00

What would you like? A summer crossing of the Alps to Lake Garda, or perhaps an exploratory tour along the Mecklenburg Lake District? There are many impressive adventures on two wheels, and each requires the right bike.Topographically challenging routes? From paved surfaces to moderate terrain and backback onto the road? If you don’t know what to expect along the way, you can at least rely on your “UTILYON.” Rugged terrain, adverse conditions, and the most remote destinations are practically in its blood.The “UTILYON 6” is designed as a complete touring bike. The 1x11 “XT” derailleur’s 455% gear range offers the perfect gear ratio for steep climbs (1.77 m gear ratio in first gear) and long descents (8.06 m gear ratio in eleventh gear). Your own effort is complemented by the 85 Nm of torque from the Bosch “Performance CX” drive, which—thanks to its two batteries and 1,475 watt-hour capacity—won’t “run out of steam” anytime soon.
