

CONWAY Electric allroad "Nyvon 12.0" Mod. 24

diamond, 28", rustred matt / terra matt, 12-speed SRAM "Force AXS", 48 cm / M

Price: €4,266.00

Nothing can stop you - no path, no mountain, no distance. The "NYVON 12.0" is our top model and the best possible companion on your tours, weekenders, rides and adventures. With the speed and handling of a pure gravel bike and the pleasant, smooth support of the Bosch SX engine, it combines the best of both worlds: Power and support when it counts, as well as feather-light, effortless gliding wherever possible. During normal riding, you won't notice the engine or the extra weight of the electronic support; you pedal your bike like a normal gravel bike. Only when the trail gets steeper and you take the peak load out of the equation does the engine help you to maintain your flow on varied terrain. Incidentally, you can load your "NYVON 12.0" at up to 5 mounting points on the bike - one also serves as an approved mounting point for the Bosch Range Extender.
