

## VICTORIA Electric SUV "Avyon 10" Mod. 24

wave, 27,5", anthracite grey matt, 1x11-speed Sunrace RD\_MX 600 MD, 46 cm / S

**RRP €4,499.00**

Based on the AVYON 12, the "AVYON 10" differs only in the unspecified anti-lock braking system and the suspended, but not lowerable, seatpost. Otherwise, it is technically the same as the top model. The Bosch Smart System combination of Performance CX drive, PowerTube 750 and Kiox 300 color display currently represents the highest technical level of the drive manufacturer and therefore makes perfect sense in our premium overlander. There is also the eFlow app, which is easy to connect to the Bosch Smart System and can offer a colorful bouquet of additional features. These include the use of navigation services from Strava or Komoot. Those switching to the Smart System will be delighted with the new possibilities, as the bike not only wants to be ridden, but now literally demands to be ridden. The "AVYON 10" is also available in two Frame versions. As with all new VICTORIA developments, the integrated batteries are removed from the top for charging. This means that they cannot fall out if handled incorrectly. However, in view of the large capacities and the associated battery weight, we recommend charging directly on the bike, provided you have this option at home or on the road.

### Basic Data

Supplier Article Number:	KHA23212
EAN	4251971115040
MSRP:	€4,499.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	29.4 kg
