

VICTORIA Electric trekking bike "Manoc 3" Mod. 24

wave, 28", quartz grey, Enviolo HD, 50 cm / M

Price: €3,360.00

Unlike its MANOC 7/5 siblings, the Victoria MANOC 3 is not equipped with a continuously variable gear system but with the Shimano "Nexus 5", which is available with either coaster brake or freewheel. In conjunction with the low-maintenance Gates Straps, this maximizes comfort to the highest level. The pedal power is supported by the Bosch Smart System, which is used here in the form of the Performance engine and the "PowerTube 625" Battery. Additional information that the "Kiox 300" color display does not provide can be transmitted to your smartphone via the eFlow Bike app. Other apps, such as Komoot or Strava, then use the information for navigation and tour planning.
