

CONTEC Cassette "Grad.HT"

workshop box 4 pieces / 11-13-15-17-19-21-24-28-32 teeth, 332 g/pcs.

Price: €24.99

The performance of your cassette is crucial for the quality of your riding experience. That's why we make no compromises when it comes to the function and durability of our Grad.HT cassettes: The sprockets in the HT (= High Torque) version are made of particularly high tensile steel and are specially reinforced for the high torques of e-bike mid-motors. As a result, our Grad.HT cassettes offer increased durability compared to conventional sprocket sets, from which you benefit through higher mileage (i.e. longer maintenance intervals) and longer superior shifting performance. Our Grad.HT cassettes have special climbing aids for the chain that make each of your gear changes faster and smoother, so you don't have to think about shifting but can concentrate fully on riding. This cassette is suitable for 9-speed gears and has a 11-32 tooth gradation. The workshop box contains four cassettes.

Basic Data

Supplier Article Number:	GMX9-2 BOX
EAN	4251971158757
MSRP:	€199.95
SB-Article	Yes
DST-Code	2R04
Bidex-Code	202060
Fedas-Code	160365
Brand/Supplier	CONTEC
