

## QiO Electric compact bike "EINS P-R" (#1)

unisex, 20", sweet lavender matt, Rohloff 14 G "E-14", 48 cm

**Price: €4,730.00**

The QiO "EINS P-R" offers you a particularly intelligent riding experience. Thanks to the Bosch Smart System (BES3), all drive components of the compact e-bike are networked and controlled via the eBike Flow app. This means your bike is always up to date, as updates and new features are installed automatically. The 14-speed Rohloff gear hub is perfect for e-bikes with powerful drives - like this one. All gear changes are displayed on the Bosch "Kiox 500" Display. It also helps you select the right drive level for the powerful "Performance Line" engine. The 800 Wh Battery makes the compact e-bike ideal for long tours. With 62 mm wide tires on 20" wheels and the Parallelogramm Suspension Seatposts, the bike offers a high level of comfort on various surfaces. The hydraulic disc brakes and the high-quality Busch + Müller "IQ-XS high beam" lighting, including rear lights with stop light function integrated into the Carrier, round off the e-bike. Perfect for everyday use in the city and in the countryside.
