

CONTEC System Pedal "Slap SL"

black (special item, loose)

RRP: €49.95

The CONTEC "Slap SL" system pedal impresses with its performance and reliability for ambitious road cyclists. With its carefully constructed aluminium housing and robust CrMo axle, this pedal offers excellent power transmission and durability. The pedal is compatible with the SPD-SL system, well-known for its efficiency and stability. The adjustable release hardness allows you to customise the binding to your individual preferences and requirements.With a size of 88 x 93 mm and a weight of around 330 g for the pair, these pedals are designed to provide an optimal platform for almost any road cyclist. The open design minimises the risk of dirt and mud build-up, making them an ideal companion even in demanding weather conditions. The low-maintenance, sealed industrial bearings ensure smooth operation over long periods of time, reducing the need for frequent maintenance.SPD-SL cleats are included in delivery. The CONTEC "Slap SL" system pedal combines advanced technology with practical design to offer road cyclists unrivalled performance and reliability.

Basic Data

Supplier Article Number:	SAMPLE SC-R501
MSRP:	€49.95
