

CONTEC Saddle "Sonic"

Dimensions (L x W) 254 x 162 mm

RRP: €39.95

Narrow trails, steep hills, and high speeds—on your MTB adventures, you'll face many challenges where you have to rely 100 percent on your bike. That's why choosing the right components requires careful consideration! When it comes to ergonomics and comfort, you're in good hands with the CONTEC Sonic saddle.This MTB saddle with AirFoam padding absorbs unexpected bumps you'll encounter on the trails. This takes the strain off your back in particular. The saddle shell, made of nylon fiber with a "Double Density" (D2) construction, also provides cushioning. On top of that, the saddle features a so-called "Sport Zone"—a recessed center section that reduces pressure on the perineum.The saddle cover is made of synthetic PVC, which is particularly easy to clean. Thanks to its special anti-slip design, the Sonic saddle is also ideal for MTBS. A scale on the steel stays helps you adjust the saddle so you can set the angle exactly to your liking. There's a recess on the underside of the saddle that you can use as a grip for a better grip when carrying it.

Basic Data

Supplier Article Number:	VL-4494
EAN	4251971159006
MSRP:	€39.95
SB-Article	Yes
DST-Code	2C01
Bidex-Code	206010
Fedas-Code	160264
Brand/Supplier	CONTEC
Unit of measure:	PIECE
Weight	0.374 kg
