

CONTEC Saddle "Sonic"

dimensions (LxW): 254 x 162mm

Price: €19.99

Narrow trails, steep hills and high speeds - you will face many challenges on your mountain bike adventures where you have to rely one hundred percent on your bike. The choice of parts must therefore be carefully considered! When it comes to ergonomics and comfort, the CONTEC Sonic saddle is the perfect choice. The MTB saddle with AirFoam filling absorbs unforeseen bumps on the trails. This relieves the strain on your back. The nylon fibre saddle shell with the double density (D2) structure also provides cushioning. On top of this, it has a "Sport Zone", i.e. a lowered centre section that reduces the pressure on the dam. The saddle cover is made of synthetic PVC and is very easy to clean. Thanks to the special anti-slip shape, the Sonic saddle is also ideal for e-MTBs. A scale on the steel struts helps you to adjust the saddle so that you can adjust the angle to your exact preference. There is a recess on the underside of the saddle that you can use as a handle for a better grip during transport.

Basic Data

Supplier Article Number:	VL-4494
EAN	4251971159006
MSRP:	€39.95
SB-Article	Yes
DST-Code	2C01
Bidex-Code	206010
Fedas-Code	160264
Brand/Supplier	CONTEC
Unit of measure:	PIECE
