

## VICTORIA Electric trekking bike "TRESALO 11" (#1)

diamond, 28", carbonite grey matt, 7-speed SHIMANO "Nexus" neutral gear, 50 cm / S

**RRP €3,199.00**

The TRESALO 11 offers an entry into the world of models with Bosch "PowerTube" batteries. It is equipped with the Bosch "Active Line Plus" mid-motor, which provides quiet and good-natured support with a torque of 50 Nm. With its capacity of 500 Wh, the fully integrated Frame battery is sufficient for long day trips across the country as well as for rides across town. The low-maintenance Shimano "Nexus" gear hub with neutral gear provides support with its seven gears and can influence the range of the e-bike when used efficiently. But the TRESALO 11 is not just about power - the comfort that the Victoria brand stands for is not neglected either. Firstly, there is the Suntour suspension Fork, which smoothes out uneven ground with its 63 mm travel, but can also be locked out on smooth touring sections. Added to this is the suspension seatpost in combination with the ergonomic Handlebar and Wing grips. The e-bike is ready for use on the road thanks to the lighting, consisting of an LED Front Light and Rear Light. Sturdy aluminum Fenders ensure that dirt does not get onto your trouser legs. The MIK system carrier rounds off the TRESALO 11 as a truly practical all-rounder. Bags and baskets, which have a click mechanism, can be clicked in quickly and without tools.

### Basic Data

EAN	4251971166288
MSRP:	€3,199.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	27.5 kg

### Technical Data
