

## VICTORIA Electric trekking bike "TRESALO 14" (#1)

diamond, 28", dark night matt, 1x10-speed Shimano Cues, 60 cm / L

**Price: €2,705.00**

Equipped with 10-speed derailleurs gears, the Victoria TRESALO 14 is a solid touring and everyday pedelec with a modern design and integrated Battery. The Bosch Smart System with "Performance CX" engine and "PowerTube 625" is used here. The "Kiox 300" color display, which is 1A readable even in the dark, provides useful information about the current route. If the available information is not sufficient, additional features can be obtained via the free eFlow app. Coupled with other navigation apps, such as Komoot or Strava, this provides a whole new riding experience with the new bike. The TRESALO models with integrated "PowerTube" batteries are designed by us with a stable and stiff chassis. The riding position is - as you would expect from a Victoria - more upright and comfort-oriented than overly sporty and stretched. As with all new Victoria developments, the batteries integrated in the down tube can be removed upwards. This means that there is no need for a catch, as is the case with downward removal. In view of the large capacities and the associated battery weight, however, we recommend charging in the bike instead, as it is simply more convenient. Bags and baskets can be easily attached to the MIK system carrier before setting off on a tour. The ergonomically shaped Handlebar and the Ergo Grips are designed for just this kind of activity.

### Basic Data

Supplier Article Number:	KHA250143
EAN	4251971166042
MSRP:	€3,699.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	28.6 kg

### Technical Data

Battery capacity	625.0 Wh
