

## VICTORIA Electric trekking bike "TRESALO 17" (#1)

wave, 28", bat black, enviolo, 56 cm / L

**RRP €4,699.00**

Power, comfort and low maintenance - this is what characterizes the Victoria TRESALO 17. The top model shifts gears with the continuously variable Enviolo internal gear hubs. This is optimally designed for the 85 Nm torque of the Bosch "Performance CX" Smart System drives. The latter draws energy from the "PowerTube 750" Battery, which is fully integrated into the frame. With this combination, the smart Bosch system delivers the maximum of what is currently possible. Additional information that the "Kiox 300" color display does not provide can be transmitted to your own smartphone via the eFlow Bike App and can be used ideally for navigation via other apps, for example. The Gates CDX Straps, which can be cleaned with water from time to time and otherwise requires virtually no further attention, also contribute to low maintenance on long tours. To ensure that it meets the usual high Victoria comfort standard, it is equipped with a Suntour Suspension Fork, a suspended seatpost and 50 mm wide tires. With 120 lux, the Contec Front Lights illuminate the path extremely brightly in the dark. The rear lights with stop light function even give following cyclists the chance to react better to spontaneous braking maneuvers. Hydraulic Disc Brakes (180/160 mm) ensure reliable stopping.

### Basic Data

Supplier Article Number:	KHA250089
EAN	4251971165793
MSRP:	€4,699.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	29.9 kg

### Technical Data

Battery capacity	750.0 Wh
Bosch Smart System	yes
Brake system	hydraulic disc brake
Child Seat Approval	no
