

CONTEC Saddle "Dynamic"

Dimensions (L x W) 280 x 151 mm (special item, loose)

RRP: €39.95

The name says it all—the CONTEC Dynamic is designed for all kinds of dynamic turns, elevation changes, and trails. With features like its AirFoam padding and extra-light nylon fiber composite shell, it’s the ideal MTB saddle.Thanks to the special welding of the shell and the synthetic PVC cover, the saddle is 100% waterproof, so you can hit the trail without any problems, even in wet weather. Shocks caused by uneven terrain are absorbed by the cushioning materials inside the Saddle. On top of that, the “Sport Zone”—the lowered center section—ensures that pressure on the sensitive areas of your body is reduced.A scale on the high-quality CrMo frame helps you adjust the saddle so you can set the angle exactly to your liking.
