

CONTEC Saddle "Magic"

Dimensions (L x W) 232 x 135 mm, 16"-20" (special item, loose)

RRP: €19.95

The standard equipment on many children’s and youth bikes isn’t exactly top-notch. To make the ride to school or a family bike trip as comfortable as possible for our young cyclists, the bike and its components should be tailored to the Fahrer.Our CONTEC Magic children’s saddle offers plenty of comfort, making riding a real pleasure. The high-density PU foam inside the saddle absorbs shocks from uneven surfaces, providing long-lasting back support. The single-density (D1) shell construction also contributes to the excellent comfort. The synthetic PVC saddle cover with a fox design also enhances the bike’s appearance. The black steel frame on the underside of the saddle features an integrated scale for easy adjustment.
