

CONWAY Electric SUV "Cairon SUV FS 4.0" (#1)

wave, 27", desert matt, 12-speed SHIMANO "Deore", 42 cm / S

Price: €3,326.00

The "Cairon SUV FS 4.0" is an e-SUV with a high-quality aluminum frame and a Bosch mid-motor. It offers a battery capacity of 625 Wh and supports speeds of up to 25 km/h. The wheel size is 27.5" and the bike is equipped with a chain drive. The 12-speed "Deore" derailleurs gear system comes from Shimano and combines reliability and durability with high shifting precision. The braking system consists of hydraulic disc brakes that ensure reliable braking performance. The suspension includes a fork travel of 120 mm and a frame travel of 100 mm, which makes for a comfortable ride on a wide variety of surfaces. The equipment includes Fenders and is designed for a permissible total weight of 140 kg. Thanks to the cleverly articulated rear triangle, the wheel and Carrier move directly upwards so that the load is not pushed towards the saddle and rider.
