unisex, 16 / 20", kristallweiß, 5-speed SHIMANO "Nexus Di2" idle gear, 50 cm

Price: €4,615.95

Dog transport with the "E-Dog" cargo bike
The new "E-Dog" is made for you and your dog. Your dog can take a seat in the Cabin on trips in road traffic or for a long walk in the woods and arrive safely at your destination. Special accessories for dog transport
The German-made Cabin measures 68 cm x 64 cm x 61 cm (L x W x H) and is designed for medium-sized dogs such as Border Collies or Labradors. The Cabin has large windows and sturdy side walls as well as a robust tubular construction. The fly screen is included. Drivers have a good view of their best friend through the window. The dogs lie on their usual cushion in the Cabin - or on an optional cushion. The CHIKE accessories also include rain protection and a pull-out step for cozy dogs. It can be stowed under the Cabin without rattling. What's more, the Cabin offers enough space to carry large purchases - and of course to get the dog food! For transporting dogs, children and other loads
The CHIKE's tilting chassis can be fixed and secured with a parking brake so that the dog can sit safely in the Cabin. As with the other CHIKE models, the permissible total weight is 200 kilograms. The "E-Dog" uses the same tried-and-tested trike platform as the "E-Cargo" and the "E-Kids". The tilt chassis and compact dimensions also impress with their natural driving characteristics. The "E-Dog" Cabin can also be interchanged with the other bodies. Technical specifications of the "E-Dog"
TEKTRO hydraulic Disc Brakes on all three wheels ensure precise deceleration. The SHIMANO "Steps E6100 CRG" mid-motor provides responsive propulsion. The battery has a capacity of 504 Wh. The SHIMANO "Nexus" Di2 hub gear system, which shifts through all 5 gears fully automatically and in an energy-saving manner, takes care of the fine-tuning of the drive. It intelligently shifts to a low gear automatically when starting off in start mode. The robust and virtually maintenance-free GATES Straps round off the drive package.

Basic Data

Supplier Article Number:	4251971144613
EAN	4251971144613
MSRP:	€6,999.00
Bidex-Code	129030
DST-Code	1101
WEEE registration number	DE92509320
SB-Article	No
Fedas-Code	159023
Brand/Supplier	chike
Unit of measure:	PIECE
Weight	42 kg

Technical Data

Battery capacity	504.0 Wh
Bosch Smart System	no
Brake system	hydraulic disc brake

Colour designation	kristallweiß
Drive	belt
Drive system	SHIMANO STEPS E6100
Drive version	middle motor
