CONTEC Pedal "Boot"

silver / black, (special item, loose)

RRP: €19.95

Comfort and safe step on every tourThose who enjoy extended cycling tours and ride many kilometres come rain or shine need pedals that offer good grip and comfort. The CONTEC touring/trekking pedal "Boot" is a good solution for all-weather cyclists due to its solid aluminium body and the cage made of durable plastic: Every type of footwear is held securely on the non-slip coated contact area of the "CP-036".Smooth-running cup and cone bearings ensure easy pedalling and the high-quality axles made of particularly robust CrMo steel ensure longevity and increased break-resistance under continuous load. The pedals weigh 310 g, are equipped with a 9/16" thread and are compatible with all common cranks. While night riding, the integrated and StVZO-compliant (German Road Licensing Regulation) reflectors of the "Boot" ensure good visibility.Due to its solid finish and comfortable properties, the "Boot" is particularly suitable for touring and trekking bikes and city bikes used daily.

Basic Data

Supplier Article Number:	VP-616
