

SCHWALBE Tires "Big Ben Performance Line"

50-622 (28" x 2,00) (special item, bulk)

Price: €16.15

Solid comfort Allow me, here comes the brother of the "Big Apple" from SCHWALBE. The "Big Ben" offers the same comfort, but the profile and look are much more robust. The bicycle tire is extra wide and makes riding particularly comfortable and pleasant. The highlight is that it offers natural suspension thanks to its air cushion. The "Big Ben" has a RaceGuard insert, which offers protection against punctures. It also has the ECE-R75 test mark and is therefore approved for fast e-bikes with a speed of up to 50 km/h.
