

# CONTEC Smartphone Bracket "Spyder Twist"

**black**

## RRP: €15.95

On longer journeys in new surroundings, it is almost impossible to find your way around without navigation. It's a good thing that most smartphones have a pre-installed app for this! So that you can always keep an eye on your route while riding without having to hold your mobile phone in your hand, you can simply fix it in our Spyder Twist smartphone holder!The universal Spyder Twist made of silicone fits all standard smartphones, e.g. iPhones or smartphones from the Samsung Galaxy range. A special feature of the holder is that you can align your mobile phone vertically and horizontally, as the Spyder Twist can be rotated. It remains firmly attached to the handlebar. Speaking of fitting: Mounting is very simple thanks to the flexible silicone! The strap has three different settings so that you can adjust the smartphone holder precisely to the different handlebar diameters.
