Clever & safe for your luggageThe "Cento" is a practical and stylish school bike basket from BASIL. It is made of close-meshed steel and offers comfort while cycling. The bike basket has a slanted front so that you have enough space when pedaling without the baskets getting in the way. This Basket is ideal for preventing children from having to carry their school bag on their back while cycling. By taking the strain off the back, the "Cento" does something positive for your child's health. However, it is not only a benefit for schoolchildren, it is also a clever and safe way to carry a full bag on your bike when you go shopping. The "Cento" has a sturdy frame and can be easily mounted lengthways on the rear wheels of the Carrier using the fastening material supplied. Thanks to the reinforced frame, there is no need to worry about quality. This tasteful design basket is weatherproof. This is of course ideal if the bike is left outside for long periods of time. The "Cento" is great for carrying the sometimes very heavy school bag in everyday life. In any case, there are always advantages to having this baskets permanently mounted on your bike.
