

CONTEC Pedal "Duster"

black

RRP: €39.95

In most cases, the first few meters on your new MTBs will determine whether you really enjoy your new-found hobby. It is therefore all the more important to adjust your bike to suit you. The MTB pedal Duster is a solid entry-level model that is comparable to professional models, but won't break your budget.CONTEC Duster is a Platform Pedal with a lightweight, one-piece nylon body. Incidentally, 20% of this is made from recycled material! The Duster has an LSL bushing and is equipped with a sealed industrial bearing, which ensures particularly smooth rotation. If you wear out or lose some of the pins on the Pedals after a more dynamic ride, it's no big deal. The R-pins are easily replaceable.

Basic Data

Supplier Article Number:	SC-B625
EAN	4251971170940
MSRP:	€39.95
Bidex-Code	202310
SB-Article	Yes
Fedas-Code	160373
