

VICTORIA Trekking bike "TREQANA 2" (#1)

diamond, 28", grey beige matt, 3x8-speed Microshift "RD-M26L", 61 cm / XL

RRP: €699.00

The Victoria TREQANA 2 has a lot to offer entry-level trekking bikers. If you are looking for an all-rounder for city and touring that is comfortable and practical, the TREQANA 2 is probably the bike for you.With the TREQANA 2, you can make full use of the maximum permissible total weight (130 kg). You can comfortably transport heavy touring luggage or your weekly shopping on the Carrier. The MIK carrier has a second pannier level for this purpose. This sits slightly lower, bringing the weight of the bags closer to the ground. A MIK system is also integrated into the carrier. This means: Bags or baskets that have a MIK Adapter fitted can be easily clicked into the Carrier. Your bags then remain securely in place during the ride.Comfort during the ride is well taken care of. On the one hand, the trekking bike has a Suspension Fork. It also has ergonomic grips so that you can rest your hands comfortably. We have fitted an adjustable Stem so that you can sit comfortably. This allows you to adjust the angle of the Handlebar to suit you.The TREQANA 2 also feels at home on hilly terrain. The 27 gears of the Microshift derailleur provide you with a wide range for the right gear uphill. You can then descend safely thanks to the V-brakes from Tektro. If it gets late and the route home leads through the dark, the 30 lux Dlux Front Light will light your way. There is also a parking light in the rear lights. The TREQANA 2 is available in two paints: rosso brown and grey beige matt. However, the brown shade is only available for the Trapeze and Wave frame shapes in heights of 46 and 51 cm. The gray is available in several frame sizes and shapes.

Basic Data

EAN	4251971153103
MSRP:	€699.00
Bidex-Code	102010
Fedas-Code	155011
SB-Article	No
DST-Code	1B00
Brand/Supplier	VICTORIA
