

## VICTORIA Electric trekking bike "Manoc 4" (#1)

wave, 28", warm anthracite matt, 1x10-speed SHIMANO "Deore", 54 cm / L

**RRP €4,199.00**

The derailleur gear model is ideal for setting off on medium to long tours. The smart Bosch system provides superior support with the Performance CX drives and, with the "PowerTube 625" Battery, offers enough capacity to turn the MANOC 4 into a long-distance tourer in the right conditions. Additional information that the "Kiox 300" color display does not provide can be transmitted to your smartphone via the eFlow Bike app. Other apps, such as Komoot or Strava, then use the information for navigation and tour planning. With its 80 mm travel, the air-sprung Fork offers plenty of comfort and absorbs any bumps in the road from the wide, low rolling resistance tires. The ten gears come from a Shimano "Deore" rear derailleurs. This, as well as the chain and cassette, come from the Linkglide series and are around three times more wear-resistant and comfortable than a Hyperglide version. With a permissible total weight of 170 kg, the MANOC 4 is the ideal touring companion and, thanks to the MIK pannier rack system, can firmly attach panniers and the like without them slipping during the ride. As with all new Victoria developments, the batteries integrated in the down tube can be removed from the top, making it unnecessary to remove them from the bottom. In view of the large capacities and the associated battery weight, however, we recommend charging at the MANOC instead, as it is simply more convenient.

### Basic Data

Supplier Article Number:	BK25HV0450
EAN	4251971170834
MSRP:	€4,199.00
WEEE registration number	DE92509320
DST-Code	1B01
SB-Article	No
Bidex-Code	122010
Fedas-Code	155021
Brand/Supplier	VICTORIA
Unit of measure:	PIECE
Weight	29.2 kg

### Technical Data

Battery capacity	625.0 Wh
