

CONTEC Crank holder "TFP-Spin"

black

RRP €15.95

With our "TFP" (Tools for Professionals) tool line, we serve ambitious Screws and professionals. Here you will find special tools for almost every purpose. The TFP spin is a practical crank holder that helps you to Cleaner the chain of your e-bike - it allows you to spin the chain or the drive backwards on e-bikes with mid-motors. To do this, simply plug the tool onto the chain ring bolts. This connects the Crank Spider and Chainring so that the drives are also moved when the cranks are turned backwards. This makes lubricating and cleaning your chain much easier.

Basic Data

Supplier Article Number:	6721
EAN	4251971172845
MSRP:	€15.95
