

## CONTEC Saddle "Metric"

Dimensions (L x W) 275 x 155 mm

Price: €17.50

Choosing the right saddles is essential to ensure that your cycling trip is filled with beautiful memories instead of pain. Our saddles should fit you, not the other way around. The CONTEC Saddle Metric, for example, is ideal for trekking bike riders who sit slightly inclined or upright and have high comfort requirements on long tours. The saddle is equipped with a so-called 3-zone system, which ensures optimized weight distribution on the saddle as soon as you lean your body in different directions. In addition, the pressure in the perineal area is reduced by the different support levels, so that you sit comfortably even on longer rides. The three contact surfaces are straight and flat to ensure a secure and controlled fit as well as a high level of comfort. This makes the Metric Saddle ideal for e-bikes. The 3-zone system can implement these functions with a rider weight of up to 130 kilograms. A scale on the black chrome saddle frame helps you to precisely adjust and tilt the saddle. Thanks to the special welding of the saddle covers, the Metric Saddle is 100% waterproof. So you don't need to worry about a shelter if you want to park your bike in the rain and leave it for longer.

### Basic Data

Supplier Article Number:	LEGERRA MTB
EAN	4251971173552
MSRP:	€34.95
SB-Article	Yes
Fedas-Code	160267
DST-Code	2C01
Bidex-Code	206010
Brand/Supplier	CONTEC
Unit of measure:	PIECE

### Technical Data

Gender	unisex
Length	275.0 mm
Main colour	black
Max. load capacity	130 kg
Range of application	city & trekking
Variant	Article
Width	155.0 mm
