

SILCA Battery Mini Pump "Elettrico Ultimate"

black

RRP: €179.99

When performance matters, SILCA comes out on top: The Elettrico Ultimate is the TOUR test winner for 06/2026*. In the mini-compressor test, it impressed with the strongest pumping power, high battery capacity, and exceptionally high-quality craftsmanship. No other model pumps faster or lasts longer. Despite its enormous power, it remains thermally stable and stays only lukewarm even under heavy load.With the equivalent performance of over nine CO_2 cartridges per battery charge, digitally adjustable air pressure from 3 to 100 PSI, and an automatic shut-off function, the SILCA Elettrico Ultimate ensures precise tire pressure at the touch of a button, every time. Thanks to its digital Display, USB-C charging port, and compatibility with Presta and Schrader valves, it’s the ideal companion for road bike, gravel, and MTB riders.*Winner of the TOUR mini-compressor test (Issue 06/2026). Tested: seven Battery Mini Pumps, including one test winner, grade 1.5.

Basic Data

Supplier Article Number:	AM-PU-016-ASY-0200
EAN	810093162987
MSRP:	€179.99
Fedas-Code	160653
SB-Article	Yes
DST-Code	2I02
Bidex-Code	301620
Brand/Supplier	SILCA
Unit of measure:	PIECE
Weight	0.262 kg

Technical Data

Design	mini pump
Features	pressure gauge
Height	81.0 cm
Length	60.0 cm
Main colour	black
Max. pressure	100.00 PSI
Range of application	universal
Secondary colour	red
Valve type	Schrader (AV) , Sclaverand (SV)
Variant	Article
Width	32.0 cm
