

CONWAY Electric SUV "Cairon C 1.0 B 600" (#1)

diamond, 29", deepblue matt, 8-speed SHIMANO "Nexus", 49 cm / L

RRP €3,599.95

The "Cairon C 1.0 B 600 / 800" is your reliable partner for everyday life and adventure—sporty, comfortable, and fully equipped. The geometry puts you in an active yet relaxed riding position: You sit slightly leaned forward, with good control over the Handlebars and efficient power transfer to the pedals. The frame design ensures stable handling, even when riding at a brisk pace or with a loaded Carrier. The Bosch engine with a 600 / 800 Wh battery provides powerful assistance up to 25 km/h—quiet, dynamic, and low-maintenance thanks to the belt drive and Shimano "Nexus" 8-speed Hub. The 29" wheels and the Suspension Fork with 120 mm of travel make bumps almost imperceptible. Convenient: The battery can be easily removed from the top. With HTM 2.0 front rack mounting, a BCM module, and Range Extender readiness, you're flexible for everyday use, touring, or commuting. This bike makes your life more active, more independent—and a whole lot cooler.
