

CONWAY Gravel bike "Nyvo 2.0" (#1)

diamond, 28", bronze matt, 20-speed SHIMANO "Cues", 48 cm / S

RRP €1,499.95

The "Nyvo 2.0" is your entry into the gravel world - clean in look, versatile in use. The geometry puts you in a sporty, balanced riding position that combines efficient pedaling with comfortable control. Thanks to the long wheelbase and short Chain Stays, the bike is both directional and agile, even on changing surfaces. The Shimano 2x10-speed gearing gives you enough range for steep climbs and fast passages, while the hydraulic Disc Brakes give you reliable control in all weathers. The aluminum frame is robust, offers plenty of mounting points for bags and accessories and is designed for wide tires - ideal for longer tours. Fully integrated cables ensure a tidy look, and you can cleverly store small essentials in the hidden neoprene bag in the frame compartment. A bike for anyone who wants to be out and about.
