

AXA Rear Light "Juno"

Screw spacing 50 mm, Mod. 25

RRP: €17.95

"Juno" rear lights for e-bikesGood visibility is half the battle: The compact AXA "Juno" is a rear light that is suitable for use on e-bikes. Thanks to the practical pressure connections, the "Juno" model can be easily connected to a 6-12 V e-bike Battery.Thanks to its intelligent design, the "Juno" also makes you visible from the side. With the AXA rear light, you are easy to see in traffic when cars or other cyclists approach from behind or when you are approaching an intersection that you are crossing.As the AXA Rear Light has a generous light cone, you will be noticed from a distance of around 500m. The integrated reflector also helps to further increase your visibility. The rear light can be mounted at a distance of 50 or 80 mm. The material for this is included in the scope of delivery.

Basic Data

Supplier Article Number:	93929095KB
EAN	8713249348919
MSRP:	€17.95
DST-Code	2E03
Fedas-Code	160672
