

CONTEC Light set "Strata 70"

black

RRP: €59.95

Whether you're biking through shady forests, in the twilight of the evening, or at night. As much as these moments make your ride memorable, it's just as important to remain clearly visible to others and not be overlooked. So why not let the CONTEC Strata lead 70 light the way for you?At dusk or in shaded areas, the Strata Lead 70 automatically switches its focus from daytime running lights to headlight mode, ensuring optimal visibility and being seen. Plus, you can use the color indicator on the front lights to select different brightness levels (Level 1: 15 lux, Level 2: 35 lux, Level 3: 70 lux). This provides clear and bright illumination of both your immediate surroundings and the road ahead. The front lights also feature a battery level indicator, so you'll never suddenly find yourself in the dark without light.Thanks to the universally adjustable Bracket, the front light can be attached to any type of handlebar. The bracket also has a swivel function that lets you adjust the light's angle to suit your needs. When you park your bike, you can quickly slide the battery-powered headlight out of the Holder so you don't have to leave it vulnerable to theft.The battery (1300mAh) is replaceable, has a USB-C port, and provides up to 11 hours, 5.5 hours, or 2.5 hours of light, depending on the brightness setting.The set also includes the Strata Tail Rear Light. It features a sensor-controlled daytime running light, just like on modern cars. Even when it's bright during the day, an extra light on your bike can help ensure that other road users keep an eye on you.With a runtime of up to 9 hours, you'll have plenty of light for a long time. When the 300 mAh Battery runs out, you can easily recharge it via USB-C. Thanks to the universally adjustable Bracket, you can attach the Strata Tail to your Carrier, seatpost, or even your Backpack.

Basic Data

Supplier Article Number:	51256590-6
EAN	4251971182660
MSRP:	€59.95
DST-Code	2E01
SB-Article	Yes
Bidex-Code	207050
