In everyday life, this means: attach the Bag, ride off and quickly remove it again if necessary.You can use a side bag on both sides and flexibly expand the storage space on your bike. Thanks to the option of mounting up to two Bag Holders one behind the other, the range of use adapts to your needs - from the commute to work to longer tours. The fixed screw fitting ensures noticeably more riding comfort, even when fully loaded.Note: If you want to use the "Levi" cargo bag on your QiO Long, you will need two bag holders.
