Duke-level security for your (e-)bike: The CONTEC Duke Key X2 120/25 is an extra-reinforced Armoured Cabel Lock with Security Level 8, offering you long-term theft protection.With all our locks, their names always indicate their length and diameter—so the Duke Key X2 120/25 is 120 cm long and 25 mm thick. The “X2” also stands for the excellent X2 Power: The Armoured Cabel Lock is equipped with a precision lock cylinder encased in steel, which provides optimal protection against drilling, pulling, and impact attacks.The durable vinyl coating that covers the lock protects not only the lock itself but also the bike frame. Speaking of bike frames: With the included Holder, the Duke can be easily attached to your bike—for example, to the Bottle Cage mounts or the Seatpost.The highly flexible steel cable can be securely locked with a key. A total of three keys are included.
