

CONTEC Folding Pedal "FlipFold Base"

black

RRP €19.95

If you like to ride a folding bike and/or take your bike on the streetcar, Folding Pedals can be very useful and space-saving. That's because they fold up easily, so you won't get caught on anything.If you're more of a cycling traveler, Folding Pedals come in handy here, too: With the pedals folded up, your bike is much easier to transport on a Bike Carrier on your car or RV.The CONTEC FlipFold Base is the practical pedal solution for anyone who wants to transport or park their bike in a space-saving way. Thanks to the integrated folding mechanism, the pedals can be folded up in just a few simple steps with handles / grips.The lightweight plastic body combines low weight with high practicality for everyday use, while the robust boron steel axle ensures stability and durability. The integrated reflectors also increase visibility in traffic. With its compact design, reliable 2DU plain bearing, and a weight of only about 295 g, the CONTEC FlipFold Base is the ideal choice for city, trekking, and folding bikes.
