ATRANVELO Rear Kickstand Edge DVA Rear Kickstand like the "Edge DV" from ATRANVELO is what makes a bike suitable for everyday use. At the latest when you park it, you would miss it without a bike stand, fence or lamp post nearby. But you could be happy every time you handle heavy panniers on the rack, because the stand is particularly stable in absorbing the heavy weight of the rear triangle. It offers standing and standing comfort on city and trekking bikes, e-bikes and children's and youth bikes in the sizes 24", 26", 27.5", 28" and 29". Depending on the bike size and the desired angle of inclination, the length of the "Edge DV" can be flexibly adjusted. The "Edge DV" offers the option of parking on request at an affordable price. As intended for Rear Kickstands, the "Edge DV" is attached to the left Chain Stay. From here, it can easily support the high load from the Carrier. The hole spacing for mounting is 18 mm. The "Edge DV" is also approved for heavier e-bikes.
