

## Bikeservice Guide plate set

2 pieces

The set contains following articles:

guide plate K - top guide plate (for placing the loose outer plate)

guide plate J - below guide plate (for aligning the fixed outer plate)

Usage hint:

For 4 and 5-link chains, make sure that the guide plate K (4mm recess) is not allowed to hit the rivet pins to the end. The outer dimension of the attached outer plate should be checked with the measurement of an original pressed outer plate to ensure the movability of the chain rolls!

**RRP 20,32 €**

### Datos maestros

Número de artículo del proveedor:	BS3510U
EAN	4717991901150
