

Busch + Müller Charger "E-Werk"

large mounting set

RRP: 199,90 €

Have you ever wondered how you can power your electronic devices on the go? The "E-Werk" mobile charger/power supply unit from BUSCH & MÜLLER is the answer! The device allows you to power and charge your electronic gadgets such as your cell phone, MP3 player, camera and more via your bike's Hub Dynamo.From a speed of just 15 km/h, it provides you with enough power to charge your devices while riding as efficiently as if they were connected to a mains socket. And the best thing? Installation is child's play and thanks to the splash-proof design, your technology remains safe even in inclement weather.With an output of up to 16 watts and very high efficiency with electronic control, the "E-Werk" impresses with its efficiency and reliability. You can individually adjust the voltage (between 2.8 and 13.3 V) and the current (from 0.1 to 1.5 A) to ensure the ideal power supply for your devices.The connection options of the "E-Werk" are diverse: A USB port is available to connect your devices directly. There are also cables that can be adapted to different types of devices. Thanks to the supplied plugs for SON and Shimano hub dynamos and waterproof cable glands, a stable and weatherproof connection is guaranteed.The "E-Werk" from BUSCH & MÜLLER allows you to use your bike's energy in a clever way and keep your technology running on the go. No more worries about empty batteries - with the "E-Werk" you are always supplied with energy, no matter where your cycling adventures take you.
