

## BALLISTOL Chain Oil

65ml dropping bottle

**Price: 3,28 €**

Premium care for all bicycle components The BALLISTOL "BikeCer" ceramic chain oil contains special ceramic additives and has been specially developed for lubricating chains, cassettes and Sprockets under extreme conditions, but is also suitable for Suspension Forks, Damper, Bowden cables and clipless pedals. It has also proven to be ideal for all e-bike chains. It significantly reduces friction, ensures smooth running behavior, reduces wear and thus increases the service life of the chain. BALLISTOL "BikeCer" provides excellent protection against corrosion, displaces moisture, achieves very high dosing accuracy by foaming when sprayed and prevents dripping. Due to its high adhesive effect, it extends the relubrication time. "BikeCer" is water-resistant, creeps easily and does not resinify. Available as an oil bottle for precise application or as a spray with foaming function for very high dosing accuracy without dripping.
