

Continental Tube "MTB 28/29"

Schrader valve 40mm, workshop package, delivery only in full packaging unit (50 pcs.), bulk

RRP 8,50 €

The MTB 28/29 from CONTINENTAL You can't even see it on the bike, and yet every bike needs (at least) two of its kind: the inner tube. The tube has to fit, otherwise nothing rolls! You can tell which size Tube is the right one by looking at the sidewall of most Tires. The first two digits of the ETRTO measurement indicate the tire width, the following digits indicate the inner diameter of the tire in mm. The MTB 28/29 has the ETRTO dimensions 47-622, 50-622 and 62-622, which corresponds to an inner wheel diameter of 28". Pay attention to the rims: the Schrader AV valves are 40 mm long.
