

Continental Tube "MTB 28/29"

Sclaverand valve 42mm, workshop package, delivery only in full PU (50pcs.), bulk

Price: 2,69 €

The MTB 28/29 from CONTINENTAL If your bike has a flat tire on the road, you won't get any further. That's why it's best to take a suitable Spare Tube with you on tour. This way, you can continue riding soon and patch the defective tube during the break or later at home. You can usually tell which tube you need from the sidewall of the tire. The so-called ETRTO dimension can be found there. The first two digits indicate the tire width, the following digits the wheel diameter. The MTB 28/29 from CONTINENTAL is suitable for tires with the ETRTO dimensions 47-622, 50-622 and 62-622, which corresponds to an inner wheel diameter of 28". Please note: the length of the Sclaverand SV valve is 42 mm.

Datos maestros

Número de artículo del proveedor:	01823610000
EAN	4019238651232
