

# DoggyTourer Dog Trailer "Doggy Tourer S"

**silver / black**

## RRP: 1.092,65 €

Handmade in GermanyThe "Doggy Tourer S" is the solution when it comes to touring with your dog, whether it's a classic bike ride or a longer, more enduring and longer e-bike ride. The "Doggy Tourer" is then used when the four-legged friend has become tired. Or in between, when the route or road traffic makes it impossible for the dog to run alongside. The aluminum tub is stable and scratch-resistant, but the dog lies on a robust carpet. The hood protects against rain and sun. You can see your dog through the viewing windows while you are driving and the dog can see outside. With interior dimensions of 77 x 37 x 58 cm (length x width, times height), the "Doggy Tourer S" fits smaller dogs or shopping bags. The lead can be attached at four points in the interior. According to the manufacturer, the Elastomers compensate for uneven ground up to a permissible total weight of 80 kg (please note that the trailer weight of 9.8 kg + dog counts towards the permissible total weight of the bike/e-bike). Including drawbar and trailer hitches, parking brake, LED Light (with batteries) and reflectors on all sides. Like the fabrics, the Doggy Tourer S is made in Germany. The manufacturer offers a 25-year guarantee on the aluminum construction.
