

fi'zi:k Handlebar Tape "Tempo Microtex Bondcush Classic"

orange

RRP: 30,90 €

Comfort & durability with appealing aestheticsAnyone who gives their all on a road bike naturally wants to be able to rely completely on its components. The "Tempo Microtex Bondcush Classic" handlebar tapes from FIZIK, available in pairs, are made for precisely this requirement. It offers outstanding performance, high durability and welcome versatility.With this 3 mm thick handlebar tape, the comfort and feel when riding are just right. A layer of polymer foam softens vibrations, while the Microtex ensures a comfortable and versatile grip. This Handlebar Tape enables easy transitions between different grip positions and is very easy to grip.This bike accessory also has a lot to offer visually. It has a traditional aesthetic design and is available in many different appealing paints. The perforated, leather-like texture of the tape is also very durable.The Handlebar Tape weighs 57.3 g. It is ideal for ambitious amateur riders who are looking for good quality road bike accessories.
