

G-FORM Ankle Protector "Pro-X"

size L/XL (body size: 170-190cm)

RRP: 29,99 €

Versatile ankle protectionThe "Pro-X" Ankle Protectors from G-FORM prove their worth when things get a little harder through the undergrowth on your bike. They are lightweight, available in two sizes and adapt precisely to the ankle areas with their compression fabric and soft protective Pads. The RPT (Reaction Protection Technology) pad only hardens immediately in the event of a blow or impact - and then relaxes again. Due to the material properties, the ankle protectors can be made very thin, which means they can also be worn well under long Trousers. In addition to MTBs, the Knee Protectors are also suitable for water sports or skateboarding.
