

hamax Child Seat "Caress"

frame: front side grey / back side white, cushion: black

RRP: 164,90 €

High-end: The best for your child The "Caress" is a true high-end child seat from HAMAX. With its sophisticated design as well as its modern, elegant look, the "Caress" sets new scales. The winner of the Stiftung Warentest tester (Test 3/2018) allows you to get around town in style. It was not for nothing that this child bike seat caused a sensation when it was presented. In addition to the unique design, the extensive and interesting features of this top model are also impressive.An adjustable back system, which allows the height of the backrest to be adjusted, makes it easy to use. This means that the bike seat grows with the child. A new belt system with shoulder pads ensures a high level of comfort and makes it easier to buckle up with just one hand. The child cannot release the belt themselves. Thanks to the HAMAX folding system, the seat position can be adjusted to an ergonomic sleeping position of 20°. Finally, this child bike seat also has a new footrest system that can be adjusted with just one hand. Fitting the child seat is child's play. The "Caress" can be attached to bikes with or without a Carrier. Thanks to its reflectors on the back, other road users can see the seat or the bike better. This two-shell seat is suitable for children from the age of around 9 months and up to a weight of 22 kg. It has a Holder that can be locked with a key and thus protected against theft. The "Caress" is TÜV-tested and has been awarded the Tested Safety seal (GS mark). Your child is in good hands and feels comfortable in this stylish bike seat.
